BX1030RL / BX1040RL

REAR LOAD

Easy to Use - More Convenience for your Customers

Standard Change-Makers' **NEWEST** version of our BX Series Bill-to-Bill Exchangers is now available with the Fujitsu Bill Dispenser. Combining our Modular *Smart Hopper* technology with MDB serial interface, the new BX-Fujitsu Series will provide more convenience and choices for your self-service businesses.

These Bill Exchangers accept higher denomination bills, and dispense lower denominations. The BX1010RL has the one-denomination bill dispenser, that can break \$10's and \$20's into \$5's or \$1's. You can now have up to four dispensers - providing additional capacity, or multiple denomination pay-outs. **You decide what you need - we'll build it!**

BX-Fujitsu Series standard features include:

Front & Rear Load Configurations

Bill Acceptor(s): MEI (Mars®) AE2600 Series

(Coinco® Vantage or CashCode® Currenza available)

Bill Acceptor Stacker Capacity: 500 Bills (standard)

(1000 bill stackers available as optional feature)

Bill Dispenser: Fujitsu™ Single Note Bill Dispenser (BX1010 & BX1010RL) or Fujitsu™ Dual Note Bill Dispenser (BX1020 & BX1020RL) and additional Cassettes (BX1030, BX1040, BX1030RL & BX1040RL)

Capacity: 750 used to 1,000 new bills for Single & Dual, BX1030 = up to 1,500 new; BX1040 = up to 2,000 new

Cabinet: Solid-welded 11-ga. Steel (no rivets or spot welds) with 8-ga. Steel Door, finished in high gloss powder-coat enamel. Rear Load machines have Stainless Steel Faceplate.

Locks: Two (2) T-Handle Locks with Ace™ lock plugs (standard)
